## ENTERPRISE OVERVIEW

### Accelerate What's Possible

#### Leveraging the Industry's Brightest Minds

Our exceptional and highly-skilled architects and engineers form one of the deepest and most technologically robust rosters in the industry. As your "go-to" IT Services provider, our mission is simple – do what's right and share in the success of our 3,000+ Clients nationwide.

Founded in 2014 as a privately-held company, our passion continues to drive us to design, deploy, and make technology work under your terms.

With a portfolio that provides enterprises with solutions for network, cellular, security, and managed services, we're one of the fastest-growing technology firms in the Midwest.

#### A Trusted Partner that Understands Your Business Strategy

STEP provides solutions that are optimized for business efficiency and agility. We work diligently to ensure your IT environment is as secure, agile, and resilient as your business is. And for additional peace of mind, rest assured that our engineers have the highest certifications and accreditations from all the world-class technology vendors you know and love.

As a result, our Information Technology Services and robust network, cellular, and security solutions will propel your organization well into the future.
